Eastern Gas Program and SKV Gas Pipeline

Source : Gazprom

Eastern Gas Program

- The Development Program for an integrated gas production, transportation and supply system in Eastern Siberia and the Far East, taking into account potential gas exports to Asia-Pacific countries.
- Gazprom; the Program execution coordinator.

SKV (Sakhalin-Khabarovsk-Vladivostok) Gas Pipeline

- Prioritized project in Eastern Gas Program. First gas will be delivered by Gazprom in 2011.
 - Sakhalin Projects will potentially be one of sources of gas supply.
